Dear Mr Morrison Pagett,

Further to your letter of 7th June regarding testimonial of services provided by your company I forward same.

Clearys Loss Assessing and Insurance Services were employed by Feelystone to look after all aspects of our loss assessing follow intensive fire damage to our factory in June 2001.

We found both Sean Cleary and Michael Connelly to be very knowledgeable in all aspect of loss assessing and insurance. The efficiency and attention to detail was to the highest standard which resulted in speedy settlement of all our dealings with our insurance claim.

Hoping this will help compile portfolio of references.

**Yours faithfully
FEELYSTONE,**
