During the Winter of 1999/2000 high winds caused damage to the roof of the Leisure Centre in New Inn. The Community Council engaged the services of *Messrs. Cleary Callanan & Associates* to process an Insurance Compensation claim. The claim was successful and compensation was paid for the damage. This was due to the professional and efficient manner which the matter was handled by *Messrs. Cleary Callanan & Associates*.

We will have no hesitation in using their services if the need arises in the future.

  
Jimmy Noone  
Secretary
