Dear Mr Cleary,

I am writing to personally thank you and your staff for the excellent service that you gave us in May last, when our ancestral home was seriously destroyed by fire.

It was certainly the last thing we expected, that during a General Election Campaign, fire would strike not only once but twice (God knows we had enough on our plate!). To have the service, where the whole preparation and negotiation of our claim was carried out, with no involvement by us in discussions with Builders. Insurance Company and others, was a great relief, at such a busy time. We are happy to say that we are back on track and all the difficulties have been resolved to our satisfaction.

Thanks again to you and your staff for your excellent service.

Yours sincerely
