TO WHOM IT MAY CONCERN

I had a fire in Cavan on June 7th 2003.

It was on the news at 9 am in the morning and at 11 am I had a representative from Cleary Loss Assessors on my floor. She heard it on the news going to work in Dublin that morning.

At 12 am I had employed Cleary to look after my claim.

I must say it was the correct decision because it was in a consistent manner all through. I don't know how I would have handled it on my own because most people never had a fire and would not know how to handle one.

I finally had it settled inside of 12 months after a number of comings and goings. I couldn't say enough in favour of Cleary's.

Yours truly
